Sir:

This is a Petition/Declaration pursuant to MPEP §711.03(c) to withdraw the December 18, 2008, holding of abandonment of the above-referenced patent application, which Petition/Declaration is based upon Applicants' failure to receive the Patent Office Notice of Allowance and Fees Due mailed August 25, 2008.

I, RONALD REICHMAN, do hereby declare and say:

1. I am employed by Pitney Bowes Inc., the assignee of the entire right, title and interest in the above-referenced patent application, as a Senior Corporate Counsel in the Intellectual Property and Technology Law Department.

2. I am an attorney of record in the above-referenced patent application. My United States Patent and Trademark Office ("USPTO") Registration number is 26,796.

3. On June 19, 2008, I filed a response in the USPTO to the March 25, 2008, Patent Office Action.

4. On December 18, 2008, the Patent Office mailed a Notice of Abandonment (Exhibit A) of the Aforementioned Patent Application; the Notice of Abandonment was not received until December 23, 2008.

5. I searched the file jacket of the above-referenced patent application and was unable to find the Patent Office Notice of Allowance And Fees Due of August 25, 2008, listed on the file jacket of the above referenced patent application. (Exhibit B).

6. Pitney Bowes Inc. maintains a docket by attorney of all outstanding Patent Office Actions. The Pitney Bowes Inc. docket number for the above-referenced patent application is F-626.

7. If the Patent Office Notice of Allowance And Fees Due dated August 25, 2008 (Exhibit C) was received by Pitney Bowes Inc. for F-626, it should have appeared in the Pitney Bowes docket dated September 3, 2008, "Due Date List By Attorney" Ronald Reichman (pages 25-29); copies of said dockets are attached hereto as Exhibit D.

8. I searched the September 3, 2008, Due Date List for Ronald Reichman, and I was unable to find a reference to the August 25, 2008, Notice of Allowance And Fees Due for F-626.

9. A declaration from Cheryl Frederickson, (Exhibit E), who is Pitney Bowes Inc.'s Legal Database Analyst, describes Pitney Bowes Inc.'s computerized docketing procedures. The Declaration also states that the August 25, 2008, Notice of Allowance

was not received by Pitney Bowes Inc. until after the instant patent application went abandoned.

10. I am of the opinion that Pitney Bowes Inc. never received the Patent Office August 25, 2008, Notice of Allowance And Fees Due for F-626, before receiving the December 18, 2008, Notice of Abandonment (Exhibit A). The Notice of Allowance And Fees Due for F-626 (Exhibit C) was downloaded by the undersigned from PAIR subsequent to receiving the Notice of Abandonment. Consequently Pitney Bowes Inc.'s failure to respond was unavoidable.

11. A Declaration of Cheryl Frederickson to Withdraw Holding Of Abandonment Based Upon Failure To Receive Notice Of Allowance And Fees Due is attached hereto as Exhibit E.

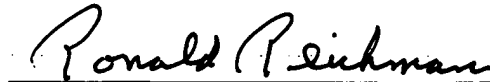

12. A response and Payment for the August 25, 2008, Patent Office Notice Of Allowance And Fees Due is attached hereto (Exhibit F). The response is being filed within three (3) months of the December 18, 2008, Holding of Abandonment.

Please charge Pitney Bowes Deposit Account No. 16-1885 for the Issue Fee.

Applicants petition the USPTO to grant this Petition and withdraw the holding of abandonment.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respond to the Notice of Abandonment by one of the following:

1. Petition To Withdraw Holding of Abandonment (See MPEP 711.03(c) I and 37 CFR § 1.181) No fee required

Where an applicant contends that the application is not in fact abandoned (e.g., a reply was in fact filed), a petition under 37 CFR § 1.181(a) requesting withdrawal of the holding of abandonment is the appropriate course of action. Any petition under 37 CFR § 1.181 to withdraw the holding of abandonment not filed within 2 months of the mail date of a Notice of Abandonment may be dismissed as untimely under 37 CFR § 1.181(f). In order for a petition to be granted, the evidence must be sufficient according to 37 CFR §

1.8(b) Certificate of Mailing 37 CFR § 1.10 "Express Mail" mailing or MPEP 503 Postcard Receipt as Prima Facie Evidence. The petition should be addressed as follows:

By mail: Mail Stop: Issue Fee, Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450

By facsimile: 571-273-8300

2. Petition To Withdraw Holding Of Abandonment Based On Failure To Receive Office Action (MPEP 711.03(c) II and 37 CFR § 1.181). No fee required

Where an applicant contends that the original Notice of Allowance and Fee(s) Due was never received, if adequately supported, the Office may grant the petition and remail the Office action. The showing required establishing non-receipt of an Office communication must include a statement from the practitioner stating that the Office communication was not received and attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. A copy of the docket record where the nonreceived Office would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

Petition should be addressed to the Technology Center handling the application as follows:

By mail: Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450

By facsimile: 571-273-8300

3. Petition To Revive An Abandoned Application (See MPEP 711.03(c) III)

Where there is no dispute as to whether an application is abandoned (e.g., the applicant's contentions merely involve the cause of abandonment) a petition under 37 CFR § 1.137 (a) or (b) (accompanied by the appropriate petition fee) is necessary to revive the abandoned application. The text of these rules is available on the USPTO Internet Web site. Forms for these petitions, "Petition For Revival Of An Application For Patent Abandoned Unavoidably Under 37 CFR § 1.137(a)," PTO/SB/61, and "Petition For Revival Of An Application For Patent Abandoned Unintentionally Under 37 CFR 1.137(b)," PTO/SB/64, are available in the forms section of the USPTO website: <http://www.uspto.gov>.

Petitions under 37 CFR § 1.137 should be addressed to the Office of Petitions as follows:

By mail: Mail Stop Petition, Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450

By facsimile: 571-273-8300

Note: Abandonment takes place by operation of law for failure to reply to an Office action or timely pay the issue fee, not by operation of the mailing of a Notice of Abandonment

Sir:

This is a Declaration in support of a request to withdraw the December 28, 2008, Holding of Abandonment of the above-referenced patent application based upon Applicants' failure to receive a Patent Office Notice of Allowance and Fees Due mailed August 25, 2008.

I, Cheryl Frederickson, do hereby declare and say:

1. I am employed by Pitney Bowes Inc., the assignee of the entire right, title and interest in the above-referenced patent application, as a Legal Analyst-Databases in the Intellectual Property and Technology Law Department. I have worked in that capacity for over 12 years.

2. Ronald Reichman, a Patent Attorney in the Pitney Bowes Inc. Intellectual Property and Technology Law Department, is the responsible attorney assigned to the above-referenced patent application.

3. As part of my duties at Pitney Bowes Inc., I am responsible and have been responsible for over 12 years, for making sure that the Attorney Docket reports are properly prepared. An example of Attorney Ronald Reichman's Docket Reports for August and September 2008 is shown in Exhibit "B".

4. Pitney Bowes Inc. maintains a computerized docketing system for recording office actions and correspondence that are received from the United States Patent and Trademark Office ("USPTO"). The computerized docketing system is based on a software product from Computer Packages Inc. ("CPI"). All incoming mail is opened and date stamped with the date of receipt. Any incoming office actions from the USPTO are entered into the CPI computerized docketing system, which generates a due date that appears on the docket of the attorney assigned to the patent application that corresponds to the office action ("Responsible Attorney"). The office action is then attached to the corresponding case file folder and delivered to the Responsible Attorney. A printed attorney docket report is circulated twice a month to each attorney having a docket item due within three months of the date of the docket report.

5. In the Attorney Docket report with the heading "Wednesday, September 03, 2008 of Exhibit D for Attorney Ronald Reichman if Pitney Bowes Inc. received the August 25, 2008 Notice of Allowance And Fees Due (Exhibit C) it would be indicated in

pages 25 -29 of Exhibit D. There is no indication in Exhibit D that Pitney Bowes received the August 25, 2008 Notice of Allowance And Fees Due prior to receiving the Notice of Abandonment (Exhibit A). Consequently I am of the opinion that Pitney Bowes never received the August 25, 2008 Notice of Allowance And Fees Due (Exhibit C) until it was downloaded by Ronald Reichman, Esq. subsequent to Pitney Bowes Inc. receiving the December 18, 2008, Notice of Abandonment (Exhibit A).

6. In view of the above, it is apparent that Pitney Bowes Inc. has not received the August 25, 2008, Notice of Allowance and Fees Due prior to receiving the December 18, 2008, Notice of Abandonment (Exhibit A).

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
